MEMORANDUM FOR: DDS Historical Officer

THROUGH : Executive Assistant, OTR

SUBJECT : Foreword and Working Outline of '51 - '66
Paper

1. Attached are a draft of the Foreword of the 1951 - 1966 paper in process and a copy of the working outline of the paper. The Foreword may serve to explain the basic rationale of the outline.

2. It is understood, I am sure, that the outline will change as the writing progresses. For example, I have already decided that two chapters instead of one should be devoted to Operations Training from 1956 to 1966 -- one to Field and Headquarters Training and one to Overseas and Covert Training. I've also decided to change the title of Chapter VI from "The Intelligence School . . ." to "Intelligence and Support Training . . ."

3. I'll welcome your comments and suggestions.
